SUMMARY

Developed a strong skill set in delivering projects and ensuring their proper functionality and reliability, backed by nearly 2 years of industry experience. Proficient in Python, SQL, MS Excel, and possess fundamental knowledge of R, essential for data analysis and visualization.

TECHNICAL SKILLS

Programming Languages: Python, SQL, Power BI, R

Libraries & Tools: MS Excel, Tkinter, Pandas, BeautifulSoup, Git

PROJECTS

Cricket Scoreboard
GUI based Project   *Python, VS Code, Tkinter*
- Developed an interactive GUI Scoreboard using Tkinter.
- User need to input only a single value, either the run scored or a wicket fallen.
- Implemented logic to calculate score changes based on user input.

Sales Dashboard
Power BI   *Data Cleaning, Data Manipulation*
- Developed an interactive sales dashboard for comprehensive data exploration and analysis.
- Advanced parameters enable granular worksheet exploration with customized filters and slicers.
- Established data connections, integrated tables, and implemented calculations for dynamic user-defined visualizations.

EXPERIENCE

Associate Consultant   Nov 2022 – Present
SHL India Pvt Ltd   *Gurugram, Haryana*
- Conducted in-depth research and developed presentations using Power BI to support the creation of new question banks.
- Implemented new data standardization parameters, improving readability and consistency. This resulted in a 20% reduction in project review and improvement time.
- Developed and tested MS Office simulations, ensuring full quality accuracy by rectifying errors, and played a key role in finalizing over 200 simulation modules.
- Implemented a comprehensive QA review to identify and rectify any errors or omissions in the final questions prior to the test launch.
- Pioneered innovative approaches that delivered high-quality projects ahead of schedule, guaranteeing reliability.

Intern   Feb 2022 – June 2022
Surya InfoTech   *Remote*
- Leveraged collaborative coding to enhance banking security solutions.
- Utilized programming skills to proactively address and resolve project challenges, ensuring successful completion.

EDUCATION

KNIT Sultanpur   affiliated to AKTU Lucknow
B.Tech in Electronics Engineering   *Aug 2018 – May 2022*
